## Declaration of compliance

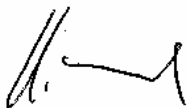

### To whom it may concern

This is to confirm for our product Leica GNSS Spider that all supported RTCM<sup>1</sup> real time data output formats fully comply with the following standards developed and published by the RTCM Special Committee 104 on Global Navigation Satellite Systems (GNSS) Service:

- RTCM Recommended Standards for Differential Navstar GPS Service, Version 2.0
- RTCM Recommended Standards for Differential Navstar GPS Service, Version 2.1
- RTCM 10402.3 RTCM Recommended Standards for Differential GNSS (Global Navigation Satellite Systems) Service, Version 2.3
- RTCM 10403.1, Differential GNSS (Global Navigation Satellite Systems) Services - Version 3 + Amendments 1 and 2 to RTCM 10403.1 (aka Version 3.1)

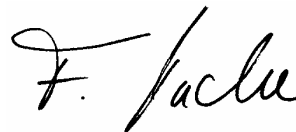

We assure that Leica Geosystems is fully committed to ensure that all RTCM type formatted real time messages emitted by Leica GNSS Spider comply with the above mentioned recommended standard formats.

Yours sincerely,

Hubert Waibel  
Director Product Management
